WHAT DO WE DO?

Flower wholesaler Van der Vijver manages the purchasing, processing, sales, and distribution of flowers in-house. From Monday to Friday, our experienced buyers attend the flower auctions at FloraHolland in Aalsmeer and Rijnsburg. Even before the auction clock starts, all flowers are carefully inspected, and the best quality is selected for purchase. Immediately after the purchase, our team prepares the flowers for sale, photographs them, and places them in our cold storage. Every afternoon, orders are prepared for transport from the cold storage. Our own delivery service brings the flowers directly to your shop.
